OUR PRODUCTS

IRON CITY VODKA \$18

Our flagship product. This is an incredibly clean & smooth handcrafted potato vodka. Excellent right out of the bottle, and fabulous for mixing. It is gluten free &, in our humble opinion, a superior experience. This is also our base for creating all of our other products.

PECAN RESERVE \$28

This product is going to appeal to the whiskey drinkers out there. This product spends time on toasted oak. Which means it starts to pick up caramel & vanilla flavors alongside the pecan. As well as a slight golden color.

SWEET TEA \$22

Our Sweet Tea vodka is just what it sounds like An infusion of black tea and cane sugar. Smooth and delectable, it is perfect for a Texas summer, or any other time really.

SPICE ISLAND \$26

This vodka drinks like a dark spiced rum. A complex and flavorful profile of blackstrap molasses, orange peel, and a fabulous array of spices. Plays just like your favorite island spirit, or maybe even better.

ARSON RIVER \$22

A straight infusion of habanero peppers into our vodka. A truly healty kick of heat for your mix, followed by a suprisingly sweet and delicate pepper flavor. Instense out of the bottle, but a perfect simmer in a cocktail.

THE HATCH \$26

Another simple pepper infusion, this one features the full smokey flavor of everyone's favorite green chile. An amazing & familiar flavor with just a touch of heat to keep things interesting.

LLANO ANCHO \$30

That's Vodka?! Yup, that is vodka. This is quite the experiment in testing the boundaries of vodka. We recommend this as a stand alone product, that drinks like a spicy brandy.

TIN STAR GIN \$28

Gin has gotten a new lease on life in recent years, especially with a return to its flavor roots. Bright florals and citrus are balanced against restrained juniper. Great combo of tradition & modern perfect for your G&T or fun new craft creations!
